BP SHINGLE LIMITED WARRANTY

EFFECTIVE JANUARY 1, 2026 – VERSION 1
Replaces all previous warranties

THE BP LIMITED WARRANTY

Building Products of Canada Corp. ("BP") warrants to the owner (individual or couple) of the property on which BP shingles are installed that the shingles are free from manufacturing defects during the limited warranty period, subject to the terms, conditions and restrictions set out below.

WHO MAY BENEFIT FROM THE BP WARRANTY?

The original owner or the subsequent registered owner of a building located in Canada or in the United States, on which BP shingles are installed as required by this Warranty.

LIMITED WARRANTY TRANSFERABILITY

This BP Shingle Limited Warranty (the "Warranty") is transferable only once, to the subsequent owner of the building. To transfer the Warranty to the subsequent owner, BP must be notified in writing within 30 days of the ownership transfer.

For all shingles covered by the Limited Lifetime Warranty (Vangard, Signature and Mystique), if the transfer occurs in the first 10 years after the installation of the shingles, the Warranty Period (set out in the Limited Warranty Coverage Table below) will continue unchanged. For a transfer occurring after the 10th year of installation of the shingles, the Warranty Period will be the lesser of 2 years from the date of transfer or the balance of the original Warranty Period set out in the Limited Warranty Coverage Table below.

For Dakota shingles, if the transfer occurs in the first 5 years after the installation of the shingle, the Warranty Period (set out in the Limited Warranty Coverage Table below) will continue unchanged. For a transfer occuring more than 5 years following the installation of the shingles, the Warranty Period will be the lesser of 2 years from the date of transfer or the balance of the original Warranty Period set out in the Limited Warranty Coverage table below.

WHAT IS THE WARRANTY COVERAGE?

The Warranty Periods are set out in the Limited Warranty Coverage Table below. Warranty Periods run from the date the installation of the BP shingles is completed.

If prescribed BP shingles are used for HIP & RIDGE (Mont-Blanc, Crown Ridge and Dakota) and starter strip, they will be warranted for the duration of the Warranty Period covering the shingles installed on the roof.

Coverage during the Up-Front Coverage Period

If a manufacturing defect is observed during the Up-Front Coverage Period as set out in the Limited Warranty Coverage Table below, BP will reimburse to the owner of the building the cost of the replacement or repair of the defective shingles, with identical or comparable BP shingles, **including** the cost of labour to install the BP shingles but **excluding** all other costs and expenses (such as metal work, flashing, vents, and tear-off and disposal of the products replaced), according to BP's reasonable estimate at the time of the claim but **not exceeding the total cost of the original labour and shingles.**

Coverage After the Up-Front Coverage Period

If a manufacturing defect is observed during the remainder of the Limited Warranty Period as set out in the Limited Warranty Coverage Table below, BP's Warranty coverage will be calculated using the Maximum Material Liability After Up-Front Coverage per square (100 ft²) as determined in the Limited Warranty Coverage Table multiplied by the number of squares at issue then reduced to get residual value as described in the Limited Warranty Proration Table for Laminate or 3-Tab Shingles depending on the shingles subject to the warranty claim.

LIMITED LIFETIME WARRANTY

For eligible owners and buildings, Vangard, Signature and Mystique shingles will be warranted for the lifetime of the original owner or the registered subsequent owner, according to the terms and conditions set out in the section below and subject to the other terms, conditions and limitations of this Warranty.

WHAT ARE THE ADDITIONAL REQUIREMENTS FOR THE LIMITED LIFETIME WARRANTY?

The Limited Lifetime Warranty covers individual owners who apply Vangard, Signature and Mystique shingles to their single-family homes (or row house with a physically delimited roof) provided the individual is the sole owner of the home which serves as the owner's residence.

Commercial and industrial buildings, condominiums, multi-occupant buildings, health care institutions, schools, religious institutions and all buildings which are not used "as a primary residence" for the owner and owner's family are not eligible; in such cases the 50-year Warranty Period applies for Vangard and the 40-year Warranty Period is applicable to Signature and Mystique.

The Limited Lifetime Warranty does not constitute and should not be interpreted as a statement or representation as to the durability of BP shingles.

WIND DAMAGE LIMITED WARRANTY

BP warrants its Vangard, Signature and Mystique shingles for 15 years after the installation of the shingles and its Dakota shingles for 5 years after the installation of the shingles, against blow off or damage due to wind velocities, including gusts, up to the speeds specified in the Limited Warranty Coverage Table (Regular Installation) below.

For the Warranty against wind blow-off to take effect, the self-seal adhesive must be subjected to sufficient heat to acti vate the bond. When the shingles are installed in environmental conditions that will not produce such temperature or in very windy areas, the shingles should be sealed down with spots of asphalt plastic cement as specified in CSA A123.51-M85. In addition, contamination of the self-sealing adhesive by dust or foreign matter may prevent the sealing strip from achieving a full thermal seal. Prior to sealing, shingles are more vulnerable to wind damage.

The foregoing Wind Damage Limited Warranty does not apply unless the shingles have been installed as required by this Warranty and self-sealing adhesive strips have properly bonded.

If BP shingles which meet the above conditions blow off or are damaged by winds not exceeding the velocities set out in the Limited Warranty Coverage Table (Regular Installation) below, BP will, at its option, reimburse the owner of the building the reasonable cost of replacing the blown off or damaged shingles and/or hand sealing the remaining shingles, as required. Data available from Environment Canada and/or the National Weather Service will be used to determine wind and gust speeds.

HIGH WIND LIMITED WARRANTY

High wind Warranty coverage for wind velocities, including gusts, up to the speeds specified in the Special High Wind Installation section of the Limited Warranty Coverage Table below is only available when shingles are fastened with 6 nails and the shingles at the roof edges are secured with a thin 4 inch wide layer of asphalt plastic cement. If the shingles are not installed according to the Special High Wind Installation instructions, the terms and conditions of the Wind Damage Limited Warranty applies up to the speeds specified in the Limited Warranty Coverage Table under Regular Installation.

ALGAE LIMITED WARRANTY

BP warrants that its shingles will not be affected by "blue-green" algae (cyanobacteria or gloecapsa magma). This Algae Limited Warranty is valid for the first 10 years following installation of Vangard, Signature and Mystique shingles and the first 5 years following installation of Dakota shingles. Should the presence of such algae be detected on the shingles within the foregoing designated periods, BP's sole obligation will be to pay to the owner the cost to clean the affected shingles, subject to a maximum amount calculated as: $15.00 per square of shingles (100 ft²) reduced by a fraction, the numerator of which is the number of months elapsed since the original installation and the denominator of which is the total period covered 120 months for Vangard, Signature and Mystique shingles and 60 months for Dakota shingles.

WARRANTY COVERAGE FOR BP SHINGLES INSTALLED OVER INSULATED OR NON-VENTILATED ROOF DECKS

Where shingles are installed on Insulated roof decks or non ventilated surfaces, on any type of building, the coverage for any BP shingles, under this limited warranty, is limited to 10 years, without any Up-Front coverage period. The maximum material liability of the shingles, as determined in the Limited Warranty Coverage Table, is reduced by 10 % per year following the date of installation.

COVERAGE LIMITATIONS AND PAYMENT

The Warranty coverage for shingles which are installed for repair or replacement under this Warranty shall be limited, in all cases, to the remainder of the Warranty Period and balance of coverage applicable to the shingles that were repaired or replaced.

Since changes to design, colours and composition of products may be made from time to time, it is possible that shingles matching those originally installed may not be available at
